For your consideration:
I got a new statement from luma for Aug to september15 Again when i apartment was vacant and the all the power was switched off at the breaker. I open a new case with them case number OB20260923zVij in person in Pone office. I was told they would be checking my meter I told them seem the replaced the meter with a new as evidences in photo attached. So since September 15 evening we arrived and started using electricity. I also paid the fee 60.07 to initiate the complaint. This is the third case and although LUMA has sent me a document about their procedure to get back to me within 60 days on complaints they have not on the last two cases i opened with them cases being 0837044560 and 083436400.

Thanks
